

## For Immediate Release

### EPS CORPORATION Wins \$37B RS3 Contract in Support of the United States Army

**TINTON FALLS, NJ., May 16, 2017** -- EPS Corporation, a Service-Disabled Veteran-Owned Small Business (SDVOSB), a leading provider of Training, Fielding, Logistics, IT and Systems Engineering solutions to support the United States Department of Defense and civilian agencies, was awarded the Responsive Strategic Sourcing for Services (RS3) contract by the Army Contracting Command, Aberdeen Proving Ground, Maryland. The RS3 contract is a \$37 billion Indefinite Delivery, Indefinite Quantity (IDIQ) contract to provide professional services to the Department of the Army.

EPS will provide professional services and solutions under task orders involving, but not limited to, Engineering; Research, Development; Test and Evaluation (RDT&E); Logistics; Acquisition and Strategic Planning; and Education and Training Services. These services will be provided to a diverse group of organizations both within and outside the U.S. Army that span the spectrum of Command, Control, Communications, Computers, Intelligence, Surveillance, and Reconnaissance (C4ISR) mission requirements throughout the world.

"EPS has over 30 years' experience providing C4ISR-centric services in direct support of the U.S. Army's Communications Electronics Command (CECOM) and the Warfighter," says Antoinette Musorrafiti, Vice Chairman and President of EPS. "We are proud to provide our continued professional services and solutions in support of the United States Army."
