

## For Immediate Release

April 2, 2015

### EPS CORPORATION AWARDED AIR FORCE NETCENTS-2 NETOPS SMALL BUSINESS CONTRACT

Tinton Falls, New Jersey – On April 2, 2015, EPS Corporation was awarded a position on the \$5.8 billion NetCents-2 Network Operations and Infrastructure Solutions (NetOps) contract by the United States Air Force.

The NetCents-2 NetOps Small Business contract is an Indefinite Delivery Indefinite Quantity vehicle which will run through April 2022. During this term, NETCENTS-2 will be the Air Force’s primary source of netcentric and information technology products, services, and solutions. EPS will compete for task orders to support the Air Force and Department of Defense agencies providing network operations, enterprise services, communications infrastructure, and telephony at installations inside and outside of the United States.

“We are proud to serve our Air Force customers through the NetCents 2 NetOps SB contract. It is an honor we do not take lightly. The EPS team will strive to provide best-in-class, affordable, outstanding service and top tier quality solutions on time, every time,” said Bruce Brooke, EPS Corporation Director of Business Development.
